EXPERIENCE

Web Developer

BYU Print and Mail

Jul 2024 – Present

Provo, Utah

- Reengineered 3+ legacy Pascal systems into automated web apps (Python/Flask, Angular, Oracle), eliminating 10+ hours of manual work weekly and saving the department \$20K+ annually
- Designed and implemented responsive interfaces (HTML, TypeScript, Tailwind) and secure APIs, deploying web applications with Docker and Git to boost reliability and streamline development
- Developed an internal shipment validation program that processes 500+ records weekly and cut billing errors by 20%, streamlining pre-billing accuracy

Player Services & Assistant Golf Pro

South Shore Country Club

Jan 2020 – Apr 2024

Las Vegas, Nevada

- Consistently delivered high-quality service, helping Player Services achieve the highest customer satisfaction rating across the company
- Coordinated and engaged with 200+ members and guests each day to ensure efficient operations and a welcoming environment
- Directed logistics for professional tournaments, managing staff coordination, player check-ins, and tee time scheduling

LEADERSHIP & SERVICE

The Church of Jesus Christ of Latter-Day Saints

Full-Time Missionary

Oct 2021 – Oct 2023

Barcelona, Spain

- Provided leadership and mentorship for a team of 35+ representatives and contributed to leadership councils directing 150+ full-time volunteers
- Volunteered at numerous local high schools teaching English to diverse student groups across Spain
- Assisted vulnerable immigrant populations by volunteering at homeless shelters distributing food and providing support through community programs

AWARDS, SKILLS AND INTERESTS

- High School Valedictorian (1 of 716)
- *Eagle Scout*, Boy Scouts of America (Founded food shelter as Eagle Scout project, serving 400+ families)
